## **VOLUNTEER POSITIONS**

There are many different ways that you can contribute to the Children's Museum of Skagit County as a volunteer. We have positions available both in and out of the museum. This is a wonderful site for high school or college students to complete their internships.

### **Current Positions:**

**Group Hosts** give tours and assist with hands-on workshops for groups. We need hosts on a year round basis.

**Play Guides** assist young visitors and their families or teachers as they explore in the museum.

**Special Events Assistants** help by planning or facilitating special events and activities in the museum or off-site.

**Program Personnel** to help with developing and/or leading special workshops or programs. A great opportunity to use your talents!

**Administrative Support Specialist** to help us with correspondence, mailings, data collection and management, copying and more!

**Reception Specialist** that would assist with scheduling events at the museum, direct phone calls, and respond to inquiries.

**Versatile Volunteers** have the opportunity to use their skills to mend costumes, deliver fliers around town, work on a committee, provide lunch breaks for personnel (especially on weekends), assist with exhibit upkeep and enhancement... and whatever other ways you can think of to share your time and energy toward the museum.

Call us today to request a volunteer application package. As a member of the CMSC Volunteer Corps, you will be able to gain new skills and experience, share your special skills with others, plus contribute to a very valuable community resource.
